

1U Standard Chassis Cold Aisle Energy-Saving Manufacturer

Cool Shield(TM) containment offers state-of-the-art hot and cold aisle containment solutions designed to maximize data center efficiency while significantly reducing power consumption.

Find your 1u chassis easily amongst the 39 products from the leading brands (Kontron, ELMA, SUPERMICRO, ...) on DirectIndustry, the industry specialist for your professional purchases.

With cooling provided through a raised floor, this cold aisle containment project uses rigid wall panels in conjunction with the Polar Cap 2 roof system to provide containment in aisles with missing rows.

Our pre-fabricated solutions are pre-cut and assembled to save time on-site. The system is pre-configured to create hot or cold aisle containment, supported by the cabinet and/or ceiling.

Green Mountain, a Norwegian data center company, uses frigid fjord water to cool its data centers year-round. This approach, combined with an intelligent DCIM system, allows the company to cut its ...

Cool Shield(TM) containment offers state-of-the-art hot and cold aisle containment solutions designed to maximize data center efficiency while significantly reducing ...

MRS is among the popular cold aisle containment manufacturers that are on the front lines of this technological advance. MRS specializes in producing high-quality, custom-made materials from ...

Vertiv™ SmartAisle™ - A form of containment proven to lead to substantial savings in energy costs
Achieved energy savings through patented, controlled cold aisle containment in many projects ...

Broadest range of server case chassis available in all form factors. Modular with hot-swappable components, supporting the latest motherboards for Intel®; and AMD processors.

Broadest range of server case chassis available in all form factors. Modular with hot-swappable components, supporting the latest motherboards for Intel®; and AMD ...

EdgeCool is the recipient of the 2022 Top Tier Products Award for our innovation in energy efficiency and revolutionary design that allows target cooling to be self contained within the rack. Now you can ...

"As a recognized provider of direct liquid cooling (DLC) technology, CoolIT Systems offers solutions that can enhance energy efficiency and support sustainability goals in high-density environments.
