

1x4 core optical cable

Specifications are correct at time of printing and subject to change or alteration without notice.

Based on a central buffer tube cable construction, is very compact, light and flexible, and ideal for connections requiring a moderate fiber count. These cables are designed for installation in conduits, ...

Rackmount Fiber Optic Coupler (Splitter) Usually ships same business day.

The optical fiber couplers allow bi-directional coupling and can be used to either split or combine signals. Newport's 1x4, 1x8 and 1x16 fiber optic couplers are available with single wavelength, wavelength ...

This PLC Splitter is a 1x4, with 1 input and 4 output fibers with an even split ratio across all fibers regardless of input wavelength. PLC Splitters are available with 900µm loose tube singlemode fiber ...

Based on a central buffer tube cable construction, is very compact, light and ...

These 1x4 Wideband Fiber Optic Couplers are designed for splitting a single input signal at 560 nm equally into four output signals. The couplers have an operating bandwidth of 177.50 nm and are ...

Thorlabs' 1-to-4 Fan-Out Fiber Optic Bundles consist of four high-grade optical fibers. They are arranged in a round or linear configuration at one end of the cable, which fans out into four legs with a single ...

We offer flexible orders, fast delivery, and comprehensive Fiber Optic Splitter 1x4 solutions with excellent quality and attractive pricing. Simplify project procurement with our one-stop solution, top ...

Landbot.io is a tool to create conversational interfaces in substitution of forms. No coding required!

This PLC Splitter is a 1x4, with 1 input and 4 output fibers with an even split ratio across all fibers regardless of input wavelength. PLC Splitters are available with 900µm loose tube single mode fiber ...
