

2-fiber 6-electric industrial-grade switch

Many of our switches support 1 or 2 fiber ports which are advantageous when daisy chain configurations are required. The managed switches in this category provide support for both 100Base and ...

Rugged Industrial Ethernet Switches with PoE, 5-10 ports, 10/100/1000Base-T and fiber support. Built to withstand -40°C to 75°C, shocks and vibration.

All Industrial Ethernet switches include a DIN rail mounting kit and a small power jack adapter for optional external AC adapter. The IFS-402F-E-SC002 model has two 100Base-FX multi-mode ports ...

Moxa provides a wide range of industrial Ethernet switches that feature industrial-grade reliability, network redundancy, strengthened security, easy management, and competitive price-to ...

Industrial Ethernet Switch with 6 Fast Ethernet ports and 2 Fiber ports. IES318-2F is an unmanaged smart plug-and-play industrial Ethernet switch, which can provide economical solution for your ...

Built for secure industrial automation and a wide range of use cases, these modular switches with PoE options support advanced resiliency protocols and network security features that include Cisco ...

This unmanaged switch comes with Ethernet TCP/IP protocol. It comes with 6 transmission ports for copper cable and 2 port for multi-mode fiber optic. It provides simple connectivity for multiple ...

Our switches are built for high network flexibility, cyber security and durability and are suitable for use in mission-critical environments.

This unmanaged switch comes with Ethernet TCP/IP protocol. It comes with 6 ...

Extreme Industrial Switches are a family of ruggedized Layer 2 switches designed to operate under harsh environments and extended temperature conditions. They provide continuous uptime, ...

The Layer 2 switches in the Raptor portfolio provide reliable operation even under extreme ambient conditions. The Raptor portfolio meets the stringent requirements of the IEC 61850-3 and IEEE 1613 ...
