

# 300 Cable Tray Jumper Specifications

Cable tray systems offer unsurpassed reliability, resulting in less maintenance and down time - important considerations for all installations and especially for industries such as data ...

The Ladder Tray features light, rugged, tubular steel construction. It is designed for mechanical support and strain relief in long runs of cable and creates a smooth gradual bend for cable. Rail and stringer ...

Cable Tray systems provide rigid structural support for cables in a variety of commercial and industrial applications. The basic styles of cable tray are: Ladder, Trough, Center Rail, Wire Basket and Channel.

Standard Snap Track bonding jumpers are 36" in length and are designed to span the discontinuity of all expansion splices and adjustable fittings. Optional lengths are available.

Cablobend Systems give you the freedom for true cable tray flexibility. Create bends and drops that you need--without cutting. Perfect for data centers.

Designed as a superior rooftop support for cable tray, UV resistant and approved for most roofing material or other flat surfaces. Can be used with any of Cooper B-Line's cable tray clamps and guides.

If it has excellent electrical continuity and is integrated in the installation's equipotential bonding system, a metal cable tray reduces the coupling's impact and thus contributes to good EMC of the electrical ...

The straight sections and fittings feature perforations along the side rail to allow you to quickly and easily alter the system. Plus, add-rung-kits allow you to add rung at any location along the length of the tray ...

Bonding jumper accessory for Cope cable tray systems. Ensures reliable electrical connectivity and safe grounding.

Metallic cable trays shall be bonded to building steel and earth as supplemental grounding for ground fault protection and signal grounding ("noise" prevention).

These documents: ANSI/NEMA VE-1, Metal Cable Tray Systems; NEMA VE-2, Cable Tray Installation Guidelines; and NEMA FG-1, Non Metallic Cable Tray Systems, are an excellent industry resource in ...
