

Adjustable attenuators for data centers low loss three-year warranty

This in-line variable optical attenuator features continuously adjustable attenuation, low insertion loss, and high return loss for stable, repeatable results.

Our fiber optic attenuators are designed to safely reduce optical signal power levels in fiber networks, essential for preventing receiver saturation and maintaining quality in test, measurement, PON, and ...

This brochure eases selection of Keysight attenuators by providing a brief overview and specifications of fixed, manual, and programmable step attenuators.

Over 400 coaxial, surface mount, and MMIC attenuator models for 50-Ohm & 75- Ohm system including fixed attenuators, high-power attenuators, digital step / programmable attenuators, voltage variable ...

Variable Attenuators from the leading manufacturers are listed on everything RF. Use the filters to narrow down on products based on Attenuation Range, Frequency, Insertion Loss, and Power, and ...

Analog Devices" RF attenuators are available in broad range of architectures and factors, giving designers the flexibility to select part that best aligns with their system requirements.

Learn how fiber attenuators control optical power in data center networks. Explore types, attenuation values, and how to select the right attenuator.

About this item - "Sturdy and Practical"- This RF Coaxial Attenuator is made of materials, ensuring its sturdiness and practicality. It is built and tested to strict control standards, guaranteeing reliable ...

3 dB Attenuators are available at Mouser Electronics. Mouser offers inventory, pricing, & datasheets for 3 dB Attenuators.

Skyworks Solutions is pleased to offer a broad selection of GaAs digital attenuators, PIN diode voltage variable attenuators, and silicon fixed attenuator pads for infrastructure, test & measurement, and ...
