

Cable tray mr-fh

Explore precision-engineered Wire Mesh Tray built from high-quality welded steel, offering a safe, reliable pathway for low-voltage and data cables with a patented load-optimized design.

For ease of installation and accessibility, lay cable and hose in trays instead of pulling it through conduit or raceway. These tray systems allow excellent ventilation and prevent sagging while routing.

Choose from our selection of cable trays, including over 850 products in a wide range of styles and sizes. Same and Next Day Delivery.

Please click the appropriate link below to view the catalog section as a PDF.

From heavy power cable pathways on oil drilling platforms to data center cabling, explore Cablofil's Wire Mesh Cable Tray that's strong yet easy to install.
