Coherent's (formerly II-VI) optical transceiver module products have been adopted by the world's major switch and server vendors, and have a wide range of installation results in Japan, including ...

The 400G QSFP-DD active optical cables are designed for use in 400 Gigabit Ethernet links over OM4 multimode fibers, and contain eight multi-mode fibers (MMF) optic transceivers per end, each ...

All 400G compatible Direct Attach Cables (DAC) and Active-optical Cables (AOC) are certified for functionality, reliability and performance under rigorous testing parameters. Every DAC and AOC is ...

QDD-400G-AOC-30M Juniper's compatible Active Optical Cable 400GBase QSFP-DD (850nm, MMF, 30m) | Compatibility Guarantee | Lifetime warranty | Full compliance with all Industry Standards & ...

Photonic 400G Active Optical Cable (Breakout Cable 2x200G - QSFP112 version) provides optimized solutions for interconnections inside datacenter up to 50M on OM4 fiber. Products are both in ...

Based on this extensive experience, we provide high-reliability products that have received a high reputation from customers. Our product support structure includes the North American and European ...

Qualified for use across Juniper's 400GbE-capable ACX, MX, PTX, and QFX product families, Juniper offers a broad portfolio of 400G coherent and direct-detect optical transceivers to address the ...

JTOPTICS's Active Optical Cable (AOC) cable assemblies are designed to meet data center, networking and high-performance computing application needs for a high-density cabling interconnect system.

Supports 400 Gbps data rate links up to 70m/100 m via OM3/OM4, respectively.

As a professional AOC supplier, we ensure that each optical cable is rigorously tested, complies with IEEE and SFF standards, and is compatible with mainstream switches and servers.
