

Ideal for both HVAC systems and process control in gases and, with immersion well, in liquids.

The sensor consists of sleeve (40.5 mm in length), sensing element and 2-core connecting cable. The sensing element is encapsulated in the sleeve so that it is mechanically and electrically protected.

The new terminal boxes for instrumentation installations are available in 5 sizes, ranging from 6 to max. 60 connection terminals. The optional interior coating ...

Browse our extensive range of bespoke-made thermocouple temperature sensors and temperature measurement solutions. All our products are designed and manufactured to not only meet but ...

The terminal boxes IP66 Terbox can be used in projects requiring the assembly ...

The terminal boxes IP66 Terbox can be used in projects requiring the assembly and certification of junction boxes with terminals, cable glands, and buttons. That allows saving costs and time.

These semi rigid thermocouples are supplied with an IP68 terminal head and are ideal where a heavy duty connection with cable is to be made near the sensor. They can be used with service ...

BARTEC stainless steel housings and distribution boxes are designed and approved for Zone 1 and 2 as well as Zone 21 and 22. They are particularly suitable for applications under extreme environmental ...

JB-K-0-PTD-100-Ex EEx e JUNKTION BOX WALL MOUNTING OR PIPE MOUNTED XP-1 FOR PTD-100 ART. NO. 433.148.123

Temperature sensor for measuring the temperature of process media and components with connection cable for connecting, plugging in or screwing into ...

Labfacility are the UK's leading manufacturer of Temperature Sensors, Thermocouple Connectors and associated Temperature Instrumentation and stockists of Thermocouple Cables.

Safely conduct, connect and distribute energy in hazardous areas with R. STAHL's terminal boxes. We offer bespoke, custom-made terminal boxes and terminal box combinations, as well as standard ...

This starts with the geometry of the sensor tip, the process connection, the neck and ends with the choice of the terminal head and transmitter. Every step is supported in detail by illustrations and a ...

Eastern European Cable-Type Temperature Sensing Terminal Box

Find your cable temperature sensor easily amongst the 45 products from the leading brands (E+E, SIAP+MICROS, JRI, ...) on DirectIndustry, the industry specialist for your professional purchases.
