

# Export fiber optic fusion splicing equipment

Fiber Optic Center has fiber optic splicing equipment, including splicers, cleavers, protection sleeves, mechanical splicing tools and more. We distribute fiber optic splicing equipment from Corning, AFL, ...

AFL Telecommunications manufactures fusion splicers, splice kits, fiber cleavers, fiber connectors and additional fiber optic tools and test equipment.

We select the right splicing equipment based on each project's requirements, whether it's all-purpose fieldwork, high-speed production environments, or rugged handheld applications with splice-on ...

Fiber Instrument Sales has a wide variety of fiber optic splicing equipment such as fusion splicers from AFL, Sumitomo, FITEL, and FIS. FIS also splicing tools and accessories such as cleavers, thermal ...

We supply professional fiber fusion splicers engineered for low splice loss, minimal reflectance, and field durability across FTTx, long-haul, data center, and OSP deployments.

Since 1970, Budco has provide cable construction tools, cable installation tools, and cable identification tools including fiber optic test equipment and tools for the telecommunications industry.

Explore advanced fiber splicing solutions for specialty, large-diameter, PM, and complex fiber applications. Precision workflows backed by 3SAE expertise.

Manufacturer of all-in-one fusion splicing workstations that combine all fusion splicing processes from fiber stripping through proof testing to create high-strength, consistent splices for ...

We use Fujikura, Sumitomo, and Precision Rated Optics fusion splicing equipment, as well as, EXFO and Viavi OTDR's and OLTS equipment to provide you with complete, documented results. This ...

AFL Fusion Splicers provide you with the precision and reliability you need to splice your fibers. We offer a wide range of fusion splicers to choose from, including benchtop fusion splicers, field fusion ...
