

FC fiber optic cold splice manufacturer customization

With proven field-installable connector technology, fiber terminations are fast, easy, and reliable. Corning high-precision mechanical splice technology enables fiber optic networks to be installed quickly and ...

FUSEConnect connectors utilize a fusion splicer to terminate the connector in the field, addressing return loss concerns present in analog optical networks. This advanced process yields true APC ...

splice-on connectors in FC, LC, SC, and ST fiber optic connectivity and easy terminations configurations. UCL Swift manufactures the components.

Fibertronics, Inc. is an SBA certified woman-owned small business providing USA manufactured customized fiber optic and low voltage cable assemblies, and products for distribution.

Customizable for quick connect fiber optical cold fast splicer connector for fiber optic fusion splicing applications. Custom manufacturing.

The FC connector by DIAMOND SA is a robust, high-precision fiber optic solution with threaded coupling and ACA technology for low-loss, vibration-resistant connections. Supports SM, MM, PM, and SOC ...

With 30 years of fiber optic experience and a continually expanding network of distributor partners and local rep firms, OPTIX America is a leading manufacturer of fiber optic products and solutions to the ...

Splice Technologies, Inc. is a leading USA manufacturer of the industry's highest quality, reliability, and most extensive offering of fusion splice protection sleeves available.

We specialize in designing and manufacturing fiber optic connectors, fiber optic cable assemblies, and custom fiber optic products for use in harsh environments.

Browse our complete product line for cable assembly production, services, additional fiber applications and specialty applications, by clicking links below. View our fiber optic splicing product line including ...
