

# Fiber Optic Cable Red Light Pen Device

Fiber Visual Fault Locator with FC/LC Adapter Kit, VFL Include Single Mode 9/125um FC Male to LC Female Connector, Red Light Pen for CATV Telecommunications Engineering Maintenance

The Visual Fault Locator (VFL) Pen has a visible red light source centered on 650nm. Tool sends visible light over a fiber strand with a 10mW power, good enough to reach distances of up to 10Km.

This pen shaped visual fault locator is a tool used on terminated fiber optic cables to locate sharp bends or breaks in jacketed or bare fiber. Note: Meant for use with polished, terminated fiber cables.

A Visual Fault Locator (VFL) is a fiber optic testing tool used to identify faults and breaks in fiber optic networks. VFLs typically use a 650nm wavelength red laser that is transmitted through the fiber.

Easy to Check Fiber Faults: This Visual Fault Locator will emit a 650nm bright red light which has strong Penetrating power, can accurately detect and locate fiber ...

Universal Compatibility: The locator's 2.5mm universal connector works seamlessly with ST, SC, and FC interfaces, making it ideal for both single-mode and multi-mode cable testing. (For LC cables, simply ...

Online shop offering 10mW Visual Fault Locator for fiber optic cable testing, with same-day shipping and discounts.

Easy to Check Fiber Faults: This Visual Fault Locator will emit a 650nm bright red light which has strong Penetrating power, can accurately detect and locate fiber breaks, poor connections, bending, or ...

A Visual Fault Locator (VFL) is a fiber optic testing tool used to ...

30 years of experience in R& D and manufacturing - Jilong JILONG launched the VFL-22P pen-type red light pen, which is designed with a metal body, imported laser chips, strong light source, strong ...

The 2.5mm universal connector of the detector is compatibly designed for ST, SC, FC interferes both in circle and square shape of different fiber optic cables. Test for both single-mode and multi-mode cables.

B5 rechargeable visual fault locator with strong red laser output for fiber break detection. Compact, durable, and ideal for FTTH and telecom testing.
