

Fiber Optic Distribution Frame Products

OTRANS manufactures high-density optical distribution frames (ODF) for telecom, 5G, and data centers. Rack-mount fiber distribution frames with 24-96+ cores, modular splicing/patching--secure fiber ...

The Corning® Optical Distribution Frame is optimized for high-density cross-connect applications.

P200106 Simplify your high-density fiber optic connections with our optical distribution frame, a front-access frame for managing pre-terminated or field-assembled cables in a single, space-saving unit.

Discover high-quality fiber distribution products from Amphenol Network Solutions. Our product range includes fiber distribution panels, advanced optical modules (AOMs), enclosures, optical passives, ...

Clearfield extends the flexibility of the Clearview® Cassette to our FieldSmart® frame and panel systems. Complete compatibility in footprint and route paths between the frames allow you to pick ...

We offer fiber optic materials from Test Equipment, Bulk Cable and Fusion Splicers to Tools, Patch Cables and Consumables.

Optical Distribution Frame System Achieve successful cable management, handle high amounts of fiber cable and add density to fiber frames with the new DCX Optical Distribution Frame (ODF) System ...

With reliability, density, and scalability being critical, Corning offers multiple passive distribution hardware offerings for customers. From a frame and rack standpoint, we offer GR-449 compliant rear ...

The Next Generation Optical Distribution Frame (NGF) is a high density, robust solution serves as your facility's main fiber cross-connect. An industry tested design, this frame is essential to any modern ...
