

Fiber Optic Equipment Splitter

With options for single-mode and multi-mode fibers, various wavelengths, and customizable fiber length, diameter, connector type, and splitting ratio, our splitters are designed to meet the unique needs of ...

Clearfield leads the way with optical component technologies for PON splitting, C/W division multiplexing and optical circulators. These products are custom built to your unique split ratios, light requirements ...

Learn how fiber optic splitters work, types (PLC, FBT), and uses in FTTH/data centers. Understand signal splitting, key specs, and how to choose the right splitter.

FS PLC Fiber Optic Splitters, Bare/Blockless/ABS/LGX Splitter/Rack Mount Types, support 1xN light distribution, with low IL and PDL for high-reliability transmission. Deploying compact FS PLC Splitters ...

Fiber splitter solutions from Maxcom featuring PLC technology, low insertion loss, and high reliability. Ideal for CATV, RFoG, FTTx, and FTTH optical networks.

Explore our collection of optical cable splitters and PON splitters for sale. Optical beam splitters are used to split the fiber optic light evenly into several parts at specific ratios. Buy optical splitters and passive ...

CommScope offers a portfolio of bare and connectorized splitters/couplers in a wide range of styles and split ratios, and splitter modules for inside plant (ISP) and outside plant (OSP) applications that help ...

Fiber optic splitters include PLC type fiber optic splitters and FBT type fiber optic splitters. Available in single mode and multimode with 900µm loose tube fiber or 250µm bare fiber connectorless or any ...

In this guide, we'll break down what fiber splitters do, how they work, and how to choose the best model for your application.

Explore our comprehensive selection of high-performance fiber optic splitters. We offer a variety of PLC splitter types, including ABS box, LGX cassette, and rack-mount options with multiple split ratios. ...
