

# Finnish Single-Mode Pigtail Jumper Cable Selection

High quality fiber optic pigtails, single mode, with connectors: LC/UPC, SC/APC. Proven quality at the best price.

Pigtails can be stripped and fusion spliced to fibers of the distribution cable, thus ...

Pigtails can be stripped and fusion spliced to fibers of the distribution cable, thus avoiding the process of connectors terminating.

Our staff is available via phone, live chat or email request to help you select the best singlemode pigtails for your application and ensure you're getting the best price for your fiber optic budget.

If installed in a high density application, the outer jacket can be easily removed to accommodate a tighter bend radius for the pigtails. The pre-terminated fiber reduces installation time and ensures ...

The pigtail has a preconnected LC connector with UPC performance at one end. The cable contains fixed secondary protected fibre and is sheathed with a blue or yellow flame retardant halogen free ...

Techlogiks Single Mode fiber pigtails are available in a variety of colours to complement any network, custom configurations and performances. Full choice of available connector types like ...

Fiber pigtails are used in an estimated 99% of single-mode fiber applications worldwide. Despite this ubiquity, they remain a source of confusion for procurement teams and junior installers ...
