

Flexible Optical Cable Factory

Explore Fibertronics" custom fiber optic flex circuit assemblies, designed for high-density and space-constrained applications.

Explore TE Connectivity"s versatile optical flex circuitry and cable assemblies for high-density, customizable fiber optic solutions in advanced systems like C4ISR and C5ISR.

Fiberoptics Technology Inc. is a leading global supplier of standard and custom designed OEM non-telecom fiber optic components. We are headquartered in the United States, where we run three ...

Find your flexible optical cable easily amongst the 90 products from the leading brands (Oki Electric Cable, BANNER, LEMO, ...) on DirectIndustry, the industry specialist for your professional purchases.

This innovation effectively addresses the shortcomings of the earlier technology. The result is a ribbon fiber optic cable that can be rolled, folded, or routed in tight spaces without sacrificing performance, ...

Whether customers desire a dedicated volume-driven production setup or a custom solution, Opticlarity operates in a flexible manufacturing setting that can both innovate and scale with dedicated ...

From single mode fiber patch cords to complete optical cable production lines, FOCC delivers comprehensive fiber connectivity solutions worldwide. From passive optical components to ...

Our custom cable assemblies can feature fan-outs, breakouts, patch cords, cordage, cable extenders, and more, making them ideal for industrial, medical, and telecom applications.

Fully customizable Plastic Optical Fiber (POF) assemblies and harnesses are a rugged, cost-effective solution offering maximum flexibility for optical cabling in many industrial, medical, transportation, ...
