

# French fiber optic sensor manufacturer

Close and trusting relationships have been established between IFOTEC and its French suppliers. As a result, IFOTEC products and the main sub-assemblies are made in France.

For 35 years, FOLAN has maintained a French production unit located in its premises. Our teams are thus able to respond to requests for custom projects, while ensuring responsiveness and flexibility.

FEBUS Optics is the world reference in DFOS, distributed fiber optic sensing systems (DAS, DTS and DSS), to reduce the environmental impact of human activity, protect people, and optimize production.

Discover all relevant Optical Sensor Manufacturers in France, including Telemecanique Sensors and PHOTONIS

FISO Technologies Inc., a leading developer and manufacturer of fiber optic sensors and signal conditioners, is worldly recognized for its unparalleled range of fiber optic solutions.

We offer top-of-the-range optical fibre tachometers for the specific field of measurement that meet the quality, reliability and ease-of-use requirements of engineers and test technicians.

Fosina is a global provider of proven technology, and offers a sustainable future for the industry. Our team has a combined experience of more than 100 staff-years in distributed fiber optic sensing ...

Based in France, CERSA MCI is a world-leading manufacturer of measuring devices for the fine wire, cable and optical fiber industries. Since 1981, CERSA MCI has provided solutions based on ...

FOSINA is a French startup specialising in the design and commercialization of fiber optic sensing solutions. We combine these with artificial intelligence to safeguard your infrastructure against failure ...
