

Gate valves capable of running fiber optic cables

Leading manufacturer of gate valves for industrial purposes, including wedge, double-disc, parallel slide and trough conduit valves.

This brochure provides an in-depth look at the details of this series of gate valves and explains the features, benefits, characteristics, dimensional & technical data, and other valuable information ...

The coupling has seals 24, 26 to provide a fluid tight connection, and allows fibre optic cable to be threaded through a long run of conduit after 2 or more sections have been joined. A...

Smith Forged Gate Valves feature an outside stem and yoke (OS& Y), are available in Class 150-2500, and have conventional or full ports with either threaded, socketweld, buttweld or RF ends. All are ...

Flomatic manufactures gate valves including slide, flanged, grooved and resilient gate valves. We distribute them globally.

Bonney Forge is a leading gate valves manufacturer which are available in two bonnet designs. The first design is the Bolted Bonnet, with male-female joint, spiral wound gasket, made in F316L/graphite.

From copper to fiber, the IDEAL DataComm system of products includes everything you need for installation, termination, testing and troubleshooting. And our level of technical expertise, training and ...

Another option is to operate the gate valve by means of an electric actuator. This solution also offers the possibility of installing a remote control, that allows the final user to monitor the operations of the valves.

Here are several versatile solutions for bringing technology to just about anyplace you can imagine. We carry a special breed of network switch that is made to work ...

The Grove(TM) G7 fabricated gate valve has a smaller body cavity volume compared with traditional cast gate valves. It uses two floating seats to provide a complete seal with the gate. Each seat has a ...

Here are several versatile solutions for bringing technology to just about anyplace you can imagine. We carry a special breed of network switch that is made to work in remote and exterior locations called a ...

Gate valves are used across a wide range of applications. They come in multiple sizes and configurations for use in general service on water, oil, or compressed gas.

Gate valves capable of running fiber optic cables

Installation is similar to installing a messenger wire except it also includes a fiber optic cable that requires careful handling like any other fiber optic cable.

To use the less than or greater than function, please select a value first. Pricing (USD) Filter the results in the table by unit price based on your quantity. A tariff of 16% may be applied if shipping to the ...
