

Gigabit Single-Mode Dual-Core Optical Module Huijue

The Gigabit stand-alone Ethernet Media Converter provides cost-effective, entry-level media conversion between 1x10/100/1000Base-TX ports and 100/1000Base-FX ports.

2026 enterprise network upgrade season: gigabit optical modules in stock now! huawei/h3c/cisco compatible, industrial grade, low power consumption, multimode/singlemode options available. enjoy ...

In short, the hikvision hk-sfp-1.25g/155m/10g-1310/1550 gigabit single-mode dual-core optical module is definitely the best choice to improve network transmission efficiency.

This is a industrial SFP optical module. It uses duplex single mode optical fiber and the speed rate can up to 1.25Gbps, transmission distance up to 20km.

FS 25G SFP28 optical transceiver solutions offer a wide variety of high-density and low-power connectivity options for 25 Gigabit Ethernet, telecom, and data center.

Buy MDWXDOFP Gigabit Single-Mode Dual-Fiber Optical Module 1.25G Optical Module SFP Fully Compatible with H3C and Other switches (5km): Network Transceivers - Amazon FREE ...

Features and Benefits The following table lists the different pluggable optic modules and supported platforms, along with the technical specifications for each.

This 100G QSFP28 single-mode dual-core optical module supports extended reach over single-mode fiber, making it perfect for data centers, telecom, and enterprise network environments.

Single Power Supply 3.3V Small Form Factor Pluggable (SFP) MSA Compatible Duplex LC Connector Hot Pluggable Capability Compliant With ROHS Standard Cost effective SFP solution, enables ...

Key attributes Use Campus Type Enterprise Switch Model Number Gigabit single mode dual-fiber optical module, Brand Name HW Place of Origin Hubei, China Part Number 03034HXL Model ...
