

Heavy-duty aluminum alloy cable tray manufacturer

US Tray is the go-to ladder cable tray manufacturer known for high quality, trusted products made in America. US Tray is well-known by industry experts worldwide, serving a global customer base.

If your project requires lightweight, corrosion-resistant, and thermally optimized cable management, our engineers can guide you in selecting the perfect aluminum alloy cable tray system.

Aluminum cable trays of NewReach are crafted from high-performance materials from durable aluminum alloys including 6063, robust steel Q235, corrosion resistant stainless steel 204/304/316, or ...

As a less-expensive alternative to conduit, a stronger alternative than wire basket, and superior to generic tray, Snap Track saves on labor and reduces total installed costs.

We offer modern, innovative, and technically advanced cable trays, tray covers and wire management accessories, support, and logistics management with an emphasis on customer service.

Aluminum Cable Tray systems are lighter than steel cable tray and Certified CSA Cable Tray, UL listed, NEMA and certified. Because of their lighter weight aluminum cable trays are easier to install than ...

These trays offer superior strength, corrosion resistance, and durability, making them ideal for harsh environments, high-load applications, and long-term installations.

Custom manufacturer of cable trays made from aluminum, fiberglass reinforced plastic (FRP), galvanized and stainless steel materials. Suitable for supporting insulated electrical cables.

The Aluminum Cable Ladder has a high loading capacity to manage dense cable transitions. Designed with a lightweight structural design, easy installation, and long-lasting corrosion resistance, the ...
