

Indoor FTTH Optical Receiver

Our Passive FTTH fiber optic receiver is an essential component for bringing fiber access to households. It is designed for use in FTTH (fiber-to-the-home) networks, enabling analog or digital ...

TBN100F Series Home Optical Receiver is designed by Luster TeraBand for FTTH application of CATV network. It is small and can provide stable output electrical level and excellent performance at as ...

Discover cutting-edge technology with C-Data's HF3300-PFB1 Optical Receiver. Designed for high-performance data transmission, this advanced receiver ensures seamless connectivity.

FTTH optical receiver is specifically designed for CATV FTTH network structure. Adopting UFO plastic shell, with optical control AGC circuit built in, compact structure and external modular power supply ...

Welcome to enquiry this PL160A-1 indoor FTTH optical receiver. The premium MMIC-amplified micro node with Optical AGC for stable CATV video overlay. MMIC Low-Noise Tech: Integrated MMIC ...

HY-21-RXGS32 optical receiver is home optical receiver with optical fiber access as its ultimate goal. It is suitable for FTTH (fibre to the home) network fiber subscriber access terminals, enabling analog or ...

Welcome to enquiry this PL160A-1 indoor FTTH optical receiver. ...

The WS-OR18 FTTH optical receiver is a home-use optical receiver for FTTH (Fiber to the Home) network optical fiber access terminals to enable analog or digital signals to enter the home.

The WS-OR18 FTTH optical receiver is a home-use optical receiver for FTTH (Fiber to the Home) network optical fiber access terminals to enable analog or digital ...

The node is a mini in-door optical receiver build in WDM, design for FTTP/FTTH transmission applications. It delivers excellent frequency and distortion responses with low noise, high RF output, ...

New Focus high-speed fiber-optic receivers offer bandwidths up to 38 GHz, delivering ultra-clean signals with the lowest noise for demanding optical communication systems.

Get expert solutions for your fiber optic issues with our tailored products and support.
