

Industrial-grade intelligent power distribution cabinet

CHNRH delivers superior power distribution cabinets engineered for maximum reliability and safety. With 17 years of manufacturing expertise and ISO certifications, we provide customizable solutions for ...

Discover our state-of-the-art power distribution cabinets featuring advanced safety systems, smart monitoring capabilities, and modular design for efficient power management and distribution in ...

EL2P PDUs optimize rack power distribution in hyperscale, colocation, and edge environments enhancing monitoring, security, and space efficiency. Ideal for IDFs, MDFs, and server rooms, the ...

Power conditioning and distribution cabinet that offers the benefits of a custom-tailored system, with the convenience and cost savings of a pre-packaged, factory-tested system.

Explore how precision power distribution cabinets with intelligent monitoring transform data center power management--from rack-level control to power quality analysis and zero ground ...

The iX Controller is fully hot-swappable and the center of intelligence in Raritan power distribution solutions. It offers industrial-grade reliability, user-configurable firmware, and multilayer redundancy ...

This 3 Phase distribution box is constructed from heavy-duty, industrial-grade materials that exhibit exceptional resistance to environmental stress, including vibration and temperature fluctuations, ...

Introducing the industry's most innovative energy metering rack power distribution units (PDUs) designed to simplify rack management in your data centre.

Upgrade your power distribution with our smart PDU power strips, featuring remote monitoring and control. Ideal for optimizing data center energy use. Perfect for any professional device.

However, unlike traditional Power Distribution Units (PDUs), an iPDU goes beyond basic power delivery by incorporating intelligent features and network connectivity, allowing for real-time monitoring, ...
