

# Industrial-grade switch 1 optical fiber 10 electrical wires

Both uplink/network Ports-user configurable to either 1000Base optical or 10/100/1000BaseT electrical. It is a fully managed switch that offers 1+1 Ethernet link redundancy and QoS by implementing ...

Our products make use of SFP modules for multimode or singlemode fiber with LC connectors. Many of our switches support 1 or 2 fiber ports which are advantageous when daisy chain configurations are ...

Industrial unmanaged switches from Phoenix Contact feature variable numbers of ports and a narrow design. We provide unmanaged switches with a variety of functions, depending on the application.

Find the perfect connection for every industrial application - from the automotive and chemical industries to the manufacturing and process industries. These solutions are designed for use at all network ...

The IDS-710HP is a 10 port Managed Ethernet Switch that can operate in industrial environments providing advanced performance and enabling real-time deterministic network operation.

RLH Industrial Managed Switches provide advanced, high-performance networking capabilities for utility, security, and automation applications that require greater control and visibility.

The 10 Ports Ethernet (PoE) Switch features a high-strength IP40 protective casing, industrial-grade EMC design, and supports redundant power supply to enhance the reliability of communication ...

WAGO's switch portfolio provides scalable Ethernet network infrastructure with excellent electrical and mechanical performance. These rugged devices are designed for industrial use and are fully ...

Explore industrial fiber optic Ethernet switches from a direct manufacturer. SFP, single-mode and multimode fiber switches available in unmanaged and managed designs.

Moxa provides a wide range of industrial Ethernet switches that feature industrial-grade reliability, network redundancy, strengthened security, easy management, and competitive price-to ...
