

# Latvian high return loss adapter high temperature resistant direct from manufacturer

Shop LC UPC5DB Optical Fiber Attenuator Connector SingleMode Male Female Adapter High Return Loss. One of many items available from our System & Power Cables department here at Fruugo!

The Kingbright 0202 RGB series (0.65 x 0.65 x 0.25 mm) delivers low-power, full-color performance for high-density designs. Perfect for wearables and automated assembly.

Premium Quality: Made of high quality ABS, ceramic and stainless steel, rugged, resistant and to use. Excellent repeatability and wear resistance, and it has high temperature ...

This SC/UPC (Female) to FC/UPC (Male) type fiber optic hybrid adapter is a regulated type fiber-embedded adaptor connector which subjected to the operation of splicing and coupling between fiber ...

What are the main features of these connectors? They feature corrosion-resistant materials, UV protection, quick push-pull or thread-lock coupling, low insertion loss ( $\leq 0.3$  dB), high return loss ( $\geq 50$  ...

1. Fiber optic adapter LC PC / APC 2. Apply for CATV, LAN, Telecom network, test equipment, LC connectors 3. Multimode or Single Mode, OM3,OM4 available 4. Simplex / Duplex

An adapter is a mechanical device designed to align fiber-optic connectors. It contains the interconnect sleeve, that holds the two ferrules together. Features: Low insertion loss, high return loss Good ...

With good repeatability and wear resistance, and it has high temperature stability, which is dependable to use. High return loss, more than 1000 times of insertion and removal, and the average additional ...

This adapter converter features a durable ABS ceramic material, ensuring excellent wear resistance and temperature stability, with a precise attenuation of  $\leq 0.5$ dB and a return loss of  $\geq 55$ dB.

High frequency microwave connectors, including Anritsu's trademarked K, V and W1 connectors, are for use in commercial components, test fixtures, and military systems.
