

Layer 3 Industrial Ethernet Switch 6

Antaira Technologies" LMP-C602G-SFP-bt-V2 is a 6-port industrial compact Gigabit PoE++ managed Ethernet switch embedded with 4*10/100/1000Tx Ethernet ports that support IEEE 802.3bt for a ...

Our switches are built for high network flexibility, cyber security and durability and are suitable for use in mission-critical environments.

Explore industrial Layer 3 Ethernet switches designed for routing, VLAN control, and large-scale industrial networks. Rugged industrial grade L3 switches with fiber and Gigabit options.

Antaira"s LMX-0602-M is a 6-port industrial managed Ethernet switch that is embedded with 4*10/100Tx fast Ethernet ports and 2*100Fx SC fiber connectors with multi-mode 2Km support. It is a light layer 3 ...

The Lynx 206-F2G is a layer 3 industrial Ethernet switch, powered by the Westermo WeOS network operating system. Lynx is the most compact and has the lowest power requirements in this class of ...

This data sheet describes the benefits, specifications, and ordering information for the Cisco Industrial Ethernet 3000 Series Switches.

The IES3100 Series is a high performance industrial Layer 3 managed switch family engineered for mission critical applications in harsh outdoor and industrial environments. Featuring 8 and 16 Gigabit ...

This data sheet describes the benefits, specifications, and ordering ...

The Sixnet® 6-port Unmanaged Industrial Ethernet Switch is plug and play to help you save time and reduce costs. Ruggedized, hardened design is engineered to last and offers superior performance in ...

Equipped with an IP40-rated metal enclosure, it can operate within a wide temperature range of -40 to 70°C. This switch is ideal for large-scale industrial automation backbone networks requiring precise ...

Moxa"s Layer 3 managed switches feature industrial-grade reliability, multicast availability, and security enhancements based on the IEC 62443 standard.

Layer 3 Industrial Ethernet Switch 6
