

Lc adapter A area

International distributor for fiber optic components, equipment and accessories while providing invaluable technical consultation and support.

The LC Angled Polish Connector (APC) provides a simple solution for customers who need high-density, high-performance connectivity. An Lightera Labs innovation, the LC APC reduces the space required ...

LC Adapters are available to ship worldwide in standard and custom combinations upon request.

LC Adapters and Cable Assemblies meet the growing demand for small form factor, high-density fiber optic connectivity with simplex, duplex, single-mode and multimode options. These connectors ...

The adapters are available in snap-mount or screw-mount configurations, ceramic or metal alignment sleeves, and can also be provided with safety shutters on one or both sides to help ...

The Suncall America LC Adapter Series combines all the benefits of a highly compact design with the high-optical performance required by today's most demanding fiber optic and networking applications.

We also manufacture an LC adapter family to support LC interconnection. Corning's extensive line of LC connectors offer great performance with very high repeatability and low insertion loss.

Our range of LC adapters have high precision alignment sleeves for improved reliability and better reconnectability. The LC adapters come with ceramic sleeves for both single mode and multimode.

LCUPC Fiber Adapters are Pre-Cleaned & Extend LCUPC Optical Cables. Connects SM Simplex or Duplex Cables. Need help?

Our talented and dedicated engineering department's ability to design and manufacture new products, as well as customization of existing products truly sets us apart from the competition. Interested? We ...
