

Lightly Managed PoE Switch Optical Port

Support real-time monitoring of key parameters in optical modules, such as operating temperature, operating voltage, operating current, and Rx and Tx optical power.

24-Port Managed PoE Switch Features Layer 2 Managed PoE Switch With automatic detection and DHCP functions Support IEEE802.3, IEEE802.3u, IEEE802...

Our Ethernet network switches with fiber ports comes in managed or unmanaged formats combined with both Industrial and Commercial grades. Utilize our PoE switches to power your Ethernet devices ...

New generation of Gigabit Ethernet switch designed for top security and performance. Features 24 auto-negotiating RJ45 PoE ports and dual GbE SFP optical ports.

We provide a wide range of PoE/PoE+/PoE++ switches with up to 90 W output per port to deliver high-speed data transmission while powering high-power devices over long distances. With an industrial ...

Find managed PoE switches with advanced L2/L3 features, SFP ports, and comprehensive network control. Available in various sizes for any deployment.

Overview Antaira Technologies" LMP-0702G-bt-SFP-24-T-V2 is a 7-port industrial Gigabit PoE+ managed Ethernet switch embedded with 4*10/100/1000Tx Ethernet ports that support ...

Omnitron Power over Ethernet (PoE) switches enable distance extension over fiber optic cabling to network edge devices. They are available as unmanaged or managed switches.

Eagle Eye managed switches will give you faster installations, easier maintenance and upgrades, reduced service calls, and better visibility into camera operations.

6-port intelligent switch with light management. Includes 4 × 10/100/1000Base-TX and 2 × 100/1000Base-FX SFP ports. Provides RSTP redundancy, IGMP snooping, Comnet Port Guardian, ...
