

Manufacturer of Cold Aisle Explosion-Proof Cabling Systems for Computer Rooms

Our high-performance aisle containment and structural ceiling systems work within your data center design to optimize airflow, improve energy ...

Hot and cold air containment systems designed to maximize cooling predictability, capacity, and efficiency at the rack, row or room level. Get flexible and cost-effective rack and containment ...

From its global facilities ABB manufactures a wide range of ATEX, IECEx, UL, CSA approved electrical products for hazardous area applications. These include cable glands and lighting ranges.

Data Center Resources specializes in mission critical environments. Products include hot & cold aisle containment & infrastructure solutions.

Cool Shield(TM) products provide customers with versatile, turnkey aisle containment systems for new or existing critical spaces. Our offerings range from a single row in a server room to entire data center ...

The Roxtec Ex product range includes a wide variety of seals to handle different cable sizes and openings. The products are designed and certified for use in Zone 1 and 2 for gas (including vapor ...

Eaton offers a wide range of partial and total containment solutions that can accommodate hot aisle containment, cold aisle containment and rack-based heat containment. Eaton aisle containment ...

EX Industries provides high-quality explosion proof electrical equipment and custom engineering solutions for hazardous environments. Certified, reliable, and built for safety.

Altimir designs, fabricates, and installs energy-efficient, custom-engineered Hot Aisle and Cold Aisle Containment Systems. Recognized for the quality of its products, the company's products are ...

Our high-performance aisle containment and structural ceiling systems work within your data center design to optimize airflow, improve energy efficiency, and support scalable growth.

Enconnex offers customizable hot & cold aisle containment solutions. Save energy, reduce hotspots, & improve airflow with data center containment systems.
