

Manufacturer of New Bundle-shaped Optical Cables

Whether you need simple, single-fiber patch cables or custom fiber optic assemblies, our team is dedicated to meeting your volume requirements promptly and reliably.

Custom-assembled optical fiber bundles for laser, sensing, and UV applications - precise light distribution and reliable beam guidance for demanding environments.

Fiber optic bundles are used as probes and are key to numerous spectroscopic techniques. They are valued for the efficiency with which they transport light to and from the item under study, and for the ...

IDIL designs custom optical bundles and probes, from UV to NIR, for complex applications, using customized fibers, connectors, and high-precision assembly. Contact us!

FiberTech Optica delivers fiber optic bundles to meet almost any requirement. With virtually no limit on the number of fibers, all of our fiber optic bundles can be configured as spot, line, grid, hex, or ...

Explore 50 top manufacturers and suppliers of Fiber Optic Bundles in our comprehensive photonics buyers' guide. Fiber optic bundles are assemblies of multiple optical fibers grouped together within a ...

Our stock fiber optic bundles are terminated with SMA905 connectors and are offered with high OH fiber, low OH fiber, and our mid-IR fluoride optical fiber (for 285 nm - 4.5 μ m). Our bifurcated optogenetics ...

Designed for harsh environments, confined spaces, and power-restricted areas, these passive, flexible fiber optic bundles transfer images over distance, even without a direct line of sight, in both active ...

XSOF designs and manufactures high-performance fiber optic bundles and arrays tailored to your specific requirements. Our assemblies are composed of multiple optical fibers, providing enhanced ...

Manufacturing custom bundle configurations is our specialty. Our high-quality fiber optic bundles can be made with any fiber and your choice of several configuration possibilities. A number of connectors, ...
