

Offshore price high-speed optical connection 40G

Introduction of different types of 40G QSFP+ optical transceivers. 40GBASE SR4 QSFP+ complies with the 802.3ba D3.2 (40GBASE-SR4) standard and can be used with MPO/MTP optical connectors to ...

Shop for QSFP 40G LR4 transceivers and 40GBASE LR4 modules. Reliable, long-range connectivity for data centers and networks. High-performance 40G QSFP solutions available.

40G QSFP+ AOC 1m, 2m, 3m, 10m, 300m 40G QSFP+ AOC active optic cables are designed for 40G Ethernet links reach up to 300m (OM3) or 400m (OM4) over Multi-Mode Fiber (MMF).

The QSFP+ module is designed for use in 40GBASE Ethernet throughput up to 400m over multimode fiber (MMF) using a wavelength of 850nm via a MTP/MPO-12 connector. This transceiver is ...

In today's high-performance data network scenarios, 40G QSFP+ modules guarantee high-density, cost-effective and low-power 40G data transmission. Understanding the different 40G QSFP+ interface, ...

Fibrecross offers high-performance 40G QSFP+ optical transceiver modules, designed for seamless integration into data centers, enterprise networks, and high-performance computing environments.

GAOTek Fiber Optical Transceiver Module is specifically engineered for 40 Gigabit per second links over parallel multimode fiber, with the option to break out into four 10 Gigabit per second links.

40G QSFP ER4 optical transceiver module, support 40Gb/s and up to 40 km transmission on SM fiber, it works in high-speed IDC connection solutions, and so on.

Multi-vendor coding options available for your 40GB Ethernet requirements. Available in Multimode, Single Mode, Extended Range & Long Reach Multi-mode. In addition to GBICS codable QSFP+ ...

Ozark presents High-Speed Optical Transceivers, delivering reliable performance from 10G to 40G for various data transmission needs.
