

# Optical Time Domain Reflectometer 6200

ZCOTDR-6200 series is used to test the optical fiber length, loss and connection quality, and used in the engineering construction, link maintenance test, They are mainly used in urban trunk, bone trunk ...

-- Multifunctional: This fiber optic tester is multifunctional, with optical time domain reflectometer (OTDR), visual fault locator (VFL), optical power meter (OPM), stabilized light source ...

Optical power meter function: -70dBm~+6dBm or -50dBm~+26dBm(default) multi-wavelength power detection range, support the identification of light source modulation frequency.

ZCOTDR-6200 series is used to test the optical fiber length, loss and connection quality, and used in the engineering construction, link maintenance test, They are ...

Simple and intuitive graphical interface, displaying information such as fiber link length, event point type, breakpoint location, etc. One-key test, immediately isolate and evaluate fiber faults.

Jilong KL-6200 OTDR is a fully-functional handheld reflectometer designed for single-mode troubleshooting of access/FTTx, as well as for local network testing. The device is characterized by a ...

The Histar 6200 OTDR series is a 7-inch capacitive touchscreen optical time domain reflectometer that integrates 9 key functions including OTDR, optical power meter, visual fault locator, and Ethernet ...

Rugged, portable with a wide operating temperature of (-10°C to +50°C). NK6200 Optical Time Domain Reflectometer offers 0.5m dead zone, 45dB range, multi-fiber support, integrated OTDR, VFL, OPM, ...

The JILONG KL-6200 is a Time Domain Reflectometer (OTDR) manufactured by JILONG in China. This device is used for measuring the quality and length of optical fibers by sending a pulse through the ...

The OBR 6200 provides diagnostic capabilities in applications where the industry standard Optical Time Domain Reflectometer "OTDR" doesn't provide enough resolution or precision.

The NK6200 Series Optical Time Domain Reflectometer (OTDR) is a new-generation 7-inch capacitive touch product that integrates 9 major functional modules including OTDR, optical power meter, and ...
