

# Passive optical splitter in computer room

If you describe someone as passive, you mean that they do not take action but instead let things happen to them.

When you're passive, you don't participate much and you're not very emotional. In chemistry, passive means to be "unreactive except under special or extreme conditions; inert."

passive implies immobility or lack of normally expected response to an external force or influence and often suggests deliberate submissiveness or self-control.

Do you know how to use the passive voice to change the focus of a sentence? Test what you know with interactive exercises and read the explanation to help you.

Definition of passive adjective in Oxford Advanced Learner's Dictionary. Meaning, pronunciation, picture, example sentences, grammar, usage notes, synonyms and more.
