

Polish Solution Distribution Box 12-Core

Wall-Mounted

A 12-core indoor wall-mounted distribution box is a critical component in modern commercial electrical infrastructure. Designed to manage and distribute electrical circuits safely and efficiently, it supports ...

The wall box enables the termination of a customer drop cable onto SC/APC type pigtails and adapters. The unit is supplied with a fixing bracket for mounting it directly onto a wall or in a DIN rail.

With a maximum capacity of 12 cores and the ability to accommodate 3 pieces of 8-13mm cables, it provides ample space for your connectivity needs. What sets it apart is the innovative design that ...

The embossments in the bottom of the distribution board and the tube organizer allow for easy, functional and at the same time aesthetic organization of fiber optic cables and pigtails.
