

Reference Price for 650nm Laser Diode in Portugal

Top Laser Components Selection | Order easily now: Laser Components Laser diode Red 650 nm 7 mW ADL-65075 TL | Fast delivery | Reasonable prices

These encapsulated laser diodes are Class IIIa 5mW, with a 650nm red wavelength. They can be driven from 4.8V to 5.2V so they're great for your embedded electronics project. This module in particular is ...

Mouser offers inventory, pricing, & datasheets for 650 nm Laser Diodes.

The 2008369 from Laser Components is a visible laser diode with PCB pins. This device is used for DVD player/ROM optical pick up, combo drive optical pick up and bar code scanner.

All Brands on One Site, Compare Specifications, Unbiased 650nm Laser Diode SELECTION GUIDE, Get Pricing and Select the Best

The 650nm red laser diode provides precise targeting for various applications, ensuring accuracy in measurements and alignment, making it ideal for hobbyists and professionals alike.

Low cost, small size diode laser module featuring metal housing with fixfocus acrylic collimating lens for excellent beam quality. Integrated driving electronics with surge current protection.

Diodos laser de 6 mm com comprimento de onda de 650 nm (vermelho). Este diodo gera um laser de aproximadamente 5mW. Com queda de tensão de 3V e corrente máxima de 25mA, é aconselhável ...

LASER-650nm Red Light Laser Diode with Light wavelength 650nm and 5mW power ... In Stock Add to basket
