

# RoHS compliant active optical module SFP

Single Power Supply 3.3V Small Form Factor Pluggable (SFP) MSA Compatible Duplex LC Connector Hot Pluggable Capability Compliant With ROHS Standard Cost effective SFP solution, enables ...

This module is designed for single-mode fiber and operates at a nominal wavelength of 1310 nm. The transmitter section uses a 1310 nm multiple quantum well DFB laser and is a class 1 laser compliant ...

Pluggable Transceivers SFP (Small Form-factor Pluggable) transceivers (SFPs) are hot-swappable optical and electrical transceiver units, each providing a different interface according to known ...

The transceiver is RoHS compliant and per Directive 2011/65/EU3 and Finisar Application Note AN-2038. The 1000BASE-T physical layer IC (PHY) can be accessed via I2C, allowing access to all PHY ...

The standard SFP serial ID provides access to identification information that describes the transceiver's capabilities, standard interfaces, manufacturer, and other information.

RTXM228-553 10G SFP+ SR transceiver modules are designed for use in 10 Gigabit Ethernet links on up to 300m of OM3 Multi mode fiber. They are compliant with the SFP MSA and IEEE 802.3ae. The ...

SFP+ module can be plugged directly into HP's routers or switches and is hot-swappable making upgrades and replacements seamless by minimizing network disruptions

SFP, QSFP, QSFP-DD, OSFP ACTIVE OPTICAL CABLE ASSEMBLIES Our active optical cable assembly portfolio provides improved cable flexibility and longer reach as compared to both ...

Description This transceiver is hot pluggable 3.3V Small-Form-Factor transceiver module designed expressly for high-speed communication applications that require rates of up to 1.25Gbit/sec. It is ...

The document lists specifications for various small form-factor pluggable (SFP) and 10 gigabit small form-factor pluggable (XFP) transceiver modules, including part numbers, descriptions, and RoHS ...

Finisar's FCLF-8521-3 1000BASE-T Copper Small Form Pluggable (SFP) transceivers are based on the SFP Multi Source Agreement (MSA). They are compatible with the Gigabit Ethernet and 1000BASE ...
