

Sheet Moulding Compound (SMC) technology is emerging as a game-changer in electricity distribution. But what exactly is SMC, and why is it revolutionizing modern infrastructure?

Our product range includes a wide range of smc service connection distribution boxes for ab cable, plotting mini 250 amp feeder pillar, rdss approved smc spring loaded services connection boxes ...

These boxes, made from advanced SMC materials, ensure robust protection and organization for electrical components. Compact yet powerful, they represent a pinnacle in safety and efficiency, ideal ...

Ideal for both indoor and outdoor applications, our SMC distribution box ensures long-term performance even in harsh environmental conditions. Its non-conductive and fire-retardant properties make it a ...

Comprehensive Electrical Distribution Solutions: Offering a range of options from single & three-phase L.T. distribution boxes to SMC Service Mains DB with spring-loaded constant pressure and multi ...

Made from high-grade Sheet Moulding Compound (SMC), these boxes provide unmatched protection against environmental hazards and electrical faults. Perfect for residential, commercial, and industrial ...

Sintex SMC Distribution Boxes are designed to provide robust protection for electrical components, both indoors and outdoors. Made from durable materials, these boxes are shockproof, rustproof, rotproof, ...

An SMC Pole Distribution Box is considered a special enclosure made for the electrical distribution networks. It is prepared from Sheet Molding Compound (SMC), a composite material called for its ...

Upgrade your electrical setup with our top-tier SMC/FRP Distribution Boxes, designed to meet all your power needs: Durable, reliable, and built to last, our distribution boxes ensure safety and efficiency ...

SMC is both a process and reinforced composite material. Typical applications include demanding electrical applications, corrosion resistant needs, structural components at low cost, automotive, and ...

SMC is both a process and reinforced composite material. Typical ...

SMC electrical distribution box
