

Steel Tape Bundle Optical Cable Company

IDIL designs custom optical bundles and probes, from UV to NIR, for complex applications, using customized fibers, connectors, and high-precision assembly. Contact us!

Features & Benefits Available up to 24 fibre count in either single-mode or multi-mode optical fibres Steel tape adds to crush resistance as well as can be used as a cable locator after installation ...

Engineered with corrugated steel tape armor, Belden's DataTuff(TM) OSP MLT fiber optic cable offers exceptional rodent resistance, UV protection, and crush resistance, making it ideal for direct burial ...

IMG is the largest manufacturer of steel and aluminum armor tape for the wire and cable industry in North America. And through our exclusive partnerships with several companies around the globe, we ...

The steel-armor is easily removed with an internal ripcord, leaving a fully functional intact DX-Series Distribution riser-rated inner cable with original cable marking for identification.

High-performance 900µm tight-buffered coating on each optical fiber for environmental and mechanical protection 2 to 144 fibers 900µm buffer eliminates ...

Copolymer Coated Steel Tape is used for communication optical Cable and shielding cable and waterproof cable.

High-performance 900µm tight-buffered coating on each optical fiber for environmental and mechanical protection 2 to 144 fibers 900µm buffer eliminates the need for costly and time-consuming installation ...

This hybrid cable integrates multiple loose tube fiber optic cables and power conductors, offering a reliable solution for both communication and power needs in one package.

Steel Tapes are unique materials for the Optical Fiber and special cable applications which need specific properties on armouring function to prevent external forces and anti-corrosion function for the longest ...
