

# Temperature Sensing Cable Junction Box and Terminal Box Module

CTC's low-cost CT101 single-axis cable termination box is a polycarbonate, IP64 rated enclosure featuring 4 sensor inputs and 4 measurement channel outputs, and attached BNC covers to keep ...

Junction box VKx/x for connecting 2 to X sensor signal cables to 1 or X multicore cables with plastic cable entries for wall mounting material / execution depending on environmental conditions and ...

Proreact Fixed Activation Temperature Junction Box is an optional component that can be employed to connect different lengths of Proreact Fixed Activation Temperature Sensor Cable together should it ...

Ensure organized, secure and weather-resistant wiring connections for your sensors with robust junction boxes.

Heat trace provides commercial range of ambient sensing thermostats that are suitable for Non-Hazardous locations. These are manufactured from Polycarbonate and can be installed even under ...

Molex's NTC temperature sensor cable assemblies are available in multiple beta values, resistances, lengths, and temperature ranges. Molex also offers custom options of these assemblies ...

The Temperature Sensor Junction Box makes it easy to install and extend temperature sensors to the exact cable length you need. Simply run the amount of cable you need from the control and connect ...

The box allows connection of one or two control cables, up to three temperature sensors and input through thermal insulation of up to four temperature sensors (one reserved). The enclosure design ...

The convenient junction box set ensures your cabling is neat and tidy and allow multiple sensors to be installed in a daisy chain layout. We recommend using ...

Complementary Sensors, Junction Boxes and more i sensors. Our robust temperature sensors and anemometers can be easily connected to selected Si sensors and deliver useful data instantly. The ...

Find your junction box temperature sensor easily amongst the 16 products from the leading brands (SIMEX, CYThermal, LUDWIG, ...) on DirectIndustry, the industry specialist for your professional ...
