

Our comprehensive guide to types of fiber optic cables. Learn all about the differences between single mode and multimode cables, as well as the various fiber wavelengths and standard core sizes used ...

The OM5 LC/LC Duplex 50/125 Multimode Fiber Optic Cable delivers advanced WideBand Multimode Fiber performance for next-generation data center and enterprise ...

High performance OM5 class cable that is optimised for 40-100Gb/s Ethernet connections. The cable is housed in a Low Smoke, Zero Halogen rated flame-retardant jacket for safer installations and ...

Viet Fiber is a leading Vietnamese manufacturer specializing in high-performance Fiber Optic and Copper Structured Cabling Solutions. Established in 2014, we have built a reputation for ...

Corning®; ClearCurve®; OM5 wide band optical fiber is designed to withstand tight bends and challenging cabling routes with full backward compatibility to OM4 fiber.

Our optical cables come in single-mode 9/125 and bend-insensitive, as well as the multimode OM1, OM2, OM3, OM4, and OM5 cable types. Additionally, we provide fiber cables such as MM/SM, MPO, ...

We test each of our fiber optic patch cables before packing to meet stringent industry standards. We offer custom fiber optic assemblies at the most cost effective price with guaranteed quality ...

Buy high quality OM5 Multimode 100Gb Fiber Optic Cables from GenuineModules with fast worldwide delivery.

OM5 multimode fiber cable is fully compatible to previous multimode standards OM3 and OM4 yet the OM5 can achieve much higher speed with less fiber cores. OM5 uses the color Lime Green.

Depending on the application area and type of fibre optic cable, they achieve maximum speeds over long distances and, thanks to their extendability, are the perfect argument for sustainable networking.
