

Yellow Cable Tray Installation Method

Process yellow (also called pigment yellow or printer's yellow), also known as canary yellow, is one of the three colors typically used as subtractive primary colors, along with magenta and cyan.

“Yellow” is a song by the British rock band Coldplay. The band wrote the song and co-produced it with British record producer Ken Nelson for their debut album, Parachutes (2000).

Yellow is a basic colour term added to languages often before or after green, following black, white, and red. The word yellow derives from Old English geolu (also spelled geolwe) and Proto-Germanic gelwaz.

I came along I wrote a song for you
And all the things you do
And it was called yellow
So then I took my turn
Oh what a thing to have done
And it was all yellow

The color yellow is often associated with happiness and energy. However, yellow can also be associated with danger (like a road sign) and cowardice (like calling someone "yellow").

To make or become yellow. Documents that had been yellowed by age; clouds that yellow in the evening light.
